

IT'S ALL ABOUT EPPING!!!

15th August 2013

Epping Plaza is currently constructing a new restaurant and entertainment precinct called 'Urban Diner', adding an additional 9,288sqm to the existing centre! **Stones of Arabia and Akkari Tiling** are extremely proud to be a part of this exciting, new development! After finishing the immaculate Gold Class lounge our Akkari Tiling boys are now working their magic by retiling 5500m² of the mall using a new anti lippage technology to insure another quality job. Keep your eyes open for further news letter updates regarding this project!
